PROJECTS

- University Management System** | [GitHub](#) | [Live Demo](#) Jan'26 - Feb'26
Tech Stack: HTML, CSS, Bootstrap, JavaScript, Python, Django, SQLite, Django ORM
 - Designed a **role-based portal system (Admin, Faculty, Student)** using **Django Authentication** and **Role-Based Access Control (RBAC)** to ensure secure access to system features.
 - Developed multiple modules including **attendance tracking, study material uploads, placement management, timetable scheduling, and fee management** to streamline academic and administrative operations.
 - Implemented secure **session management, CSRF protection, and permission-based routing** while designing **relational database models** for **students, faculty, subjects, and attendance records**.
- SkillGuard AI** | [GitHub](#) | [Live Demo](#) Jan'26 - Feb'26
Tech Stack: HTML, CSS, Bootstrap, JavaScript, React.js, Django, SQLite, Groq API, Gemini API
 - Created an AI-powered career platform with dual modules: **Student Mode** for **skill assessment** and **career preparation**, and **Recruiter Mode** for **candidate evaluation** and **hiring**.
 - Incorporated **AI-driven skill tests, mock interviews, and proctored examinations** with **confidence analysis, performance reports, and personalized learning roadmaps** to deliver intelligent, personalized career guidance.
 - Formulated and integrated a **recruiter-centric assessment and evaluation system**, enabling recruiters to create and **assign tests, conduct AI-powered interviews, monitor proctored exams**, and evaluate candidates using automated analytics and **AI-generated feedback**.
- Cricket Management System** | [GitHub](#) | [Live Demo](#) Dec'25 - Jan'26
Tech Stack: HTML, Tailwind CSS, React.js, Node.js, Express.js, Socket.io, MongoDB
 - Built a web-based platform to **manage teams, players, match schedules, and tournament** data through a centralized, user-friendly interface, improving data organization and operational efficiency.
 - Structured **data modules** for **player profiles, match statistics, and performance records, enabling accurate data management, faster information retrieval, and real-time updates**.
 - Improved user engagement and accessibility by developing a **responsive interface, manager dashboard for team management, real-time data visualization, and an integrated Socket.io based chat system**.

TRAINING

- OOP Using C++** - [Lovely Professional University](#) Jun'25 - Jul'25
 - Acquired hands-on experience in **Object-Oriented Programming (OOP)** using C++, applying concepts such as **classes, inheritance, polymorphism, and encapsulation** to develop efficient solutions.
 - Constructed modular and efficient programs using **data abstraction, constructors/destructors, and file handling** to enhance code reusability and maintainability.
 - Strengthened **problem-solving and logical thinking** through **practical exercises, mini-projects, and debugging** while following **industry-standard coding practices**.

CERTIFICATES

- Oracle Cloud Infrastructure Foundations Associate** - [Oracle](#) Mar'26
- Cloud Computing Essentials** - [AWS](#) Mar'26
- Python Essentials** - [Cisco Network Academy](#) Feb'26
- Full Stack Development With Mern Stack** - [Nasscom Foundation](#) Dec'25
- ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM** - [Infosys](#) Aug'25
- Java Programming** - [IamNeo Platform](#) May'25

SKILLS

- Languages:** C, C++, Python, JavaScript, Java, TypeScript, PHP, HTML, CSS
- Frameworks:** Tailwind CSS, React.js, Node.js, Next.js, Express.js, jQuery, Flask, Django, Laravel
- Databases:** MongoDB, MySQL, PostgreSQL, SQLite
- Tools/Platforms:** Visual Studio Code, MySQL Server, Postman, Figma, XAMPP, Git/GitHub, Vercel, Netlify
- Soft Skills:** Analytical Thinking, Leadership, Adaptability, Team Work

ACHIEVEMENTS

- Solved 150+ coding problems** across different platforms (Leet Code, GeeksforGeeks). Jan'25 - present
- Secured Runner-Up position** in a **college-level Hackathon**, demonstrating strong **technical skills, teamwork**. Feb'25 - Feb'25
- Contributed as a **student volunteer** in organizing college technical events and workshops. Jan'24 -Dec'25

EDUCATION

- Lovely Professional University** Phagwara, Punjab
Bachelor of Technology – Computer Science and Engineering | CGPA: 7.1 Aug'23 - present
